From such humble beginning, the school grew in stature and strength under the able guidance of the Principals and the faculty members to be reckoned today as one of the reputed institutions of the state with about fifteen hundred students (boys and girls) hailing from different social background and sixty capable teachers busy shaping the destiny of the students.

In 1982 the Institution embarked upon a new venture and started as a Junior College (ISC +2) with Science Stream. Its academic activities expanded with the new addition of +2 Commerce stream from the Year 2004.
